

REMARKS

Reconsideration and Allowance of the above-referenced application are respectfully requested.

The claims have been revised to additionally define the subject invention. The amendments have been made to advance prosecution of the application. Accordingly, applicants reserve the right to file continuation applications covering any subject matter deleted herein. The new claims are believed to find support throughout the specification. Claims 16, 17, 27, 28, and 30 have been cancelled.

The specification stands objected to under 35 USC 112, first paragraph as allegedly failing how to adequately teach how to make and use the invention claimed in claims 12-14. The claims have been revised to additionally define the subject invention. The applicants submit that the specification adequately supports the claimed invention. Reconsideration is requested.

Claims 12-14, 16-30, and 33 stand rejected under 35 USC 112, second paragraph, as allegedly being indefinite. Withdrawal of the rejection is believed to be in order for the reasons that follow. Claims 12 and 16-30, and 33 have been amended to further define the claimed invention. Accordingly, reconsideration and withdrawal of the rejection is requested.

Claims 12-14, 16-30, and 33 stand rejected under 35 U.S.C. 101 on the basis that the utility is allegedly not

KING et al. -- Appln. No. 07/110,791

demonstrated. Claims 12 and 16-30, and 33 have been amended to further define the claimed invention. Accordingly, reconsideration is requested.

\* \* \* \*

In view of the foregoing, it is respectfully submitted that all applicants' claims are in acceptable form and define patentable invention over the art of record. Accordingly, favorable reconsideration and Allowance are respectfully requested.

Respectfully submitted,

CUSHMAN, DARBY & CUSHMAN
